

ATHIJEEVANAM

The documentary titled “Athijeevanam” was created by a team of 6 students from School of Social Sciences. The documentary is a case study of the flood affected regions of Kumarakom. The team consisted of Shilpa, Shivalakshmi, Sneha, Treetta, Jeslin and Jouhara from I MA. The documentary identifies that, not everyone has the same experience in an environmental disaster. The sale of vulnerability differs according to their social class and status. The duration of the documentary is 5 minutes and students themselves worked on the editing part of the documentary.
